11220 Oxytest

OXYTEST portable pulse oximeter complete with adult sensor, USB cable and AAA battery

FEATURES

Oxytest is a portable pulse oximeter, easy to use and light for transport. Complete with:
- Oled display, four directions to display arterial oxygen saturation, pulse rate and pulse strength
- battery voltage indicator
- standby or automatic suspension

Thanks to the sensors art. 11224 and art. 11222 (not included in the package), it is possible to use Oxytest also for children and new born.

MAIN FEATURES
