

1370/RB

Defibrillator holder with big frontal pocket

FEATURES

Universal defibrillator holder, practical and functional. It is supplied with a double- zip opening, a water-proof PVC bottom and support feet positioned both on the bottom and on the back side, in order to ensure to the medical device maximum protection and stability. On the inner side there is a section with Velcro® stripes to hold the device and a transparent pocket to store spare electrodes. Externally has a bigger frontal service pocket, allowing to carry a whole resuscitation kit. It is completed with an anti-slip rubber handle and a shoulder strap with metal hooks. It can be carried both by hand and by shoulder and it is available in red or blue colours. **cm 28x32x20**
